

Dear Hurricane Properties Investor,

Your investment profit has been transferred to your Bank account. We have been busy these past few month's purchasing and stabilizing our 2nd Vacation rental in West Palm Beach. We love the vacation rental model because it allows us to invest in highly desirable/appreciating markets while still netting a high cash flow. It also brings a good balance to our portfolio of long-term rentals in Western MA. Below are just a few pictures of the completed property:

Sincerely,

Patrick Burand
